**MANDATORY LEAD RENOVATOR
 CERTIFICATION LICENSE**

April 22, 2010, EPA requires contractors performing any renovation, repair, alteration, painting including window and door replacements, sheetrock, floor repair, tile, all exterior work, siding, soffits, etc. that disturbs lead-based paint to be licensed. **All contractors working in or around all** pre-1978 housing **must be licensed**. This includes all maintenance, plumbing, electrical, air conditioning, carpentry, general, building, residential and all other trades involving the disturbance of lead based paint in any manner whatsoever. There are **severe fines** for failure to be licensed.

The **EPA** mandates an **eight (8) hour course**. The course contains classroom and hands-on training. There is a **mandatory 25 question pass/fail exam** at the end of the course. A photograph is also required for licensure and will be taken at class. All information is forwarded to **EPA**. **EPA** will issue your license within a few days. License fee cost is included. Please call if you have questions.

Cost: \$225 MC/Visa/Discover
